## C-C Annual '54 Banquet Is Offer Of Gala Event

"Tickets for the annual Chamber of Commerce Banquet are available at the C-C office," Roland Black said last week. Roland, Chamber of Commerce manager, also said that tickets could be purchased at the door of the West Texas State College cafeteria by those who did not buy them earlier.

The banquet will begin at 7:30 tomorrow evening. There will be a delicious meal served and the outstanding citizen award will be made. The speaker for the occasion is L. E. Throgmorton of Dallas. He is vice-president and director of public relations of the Republic National Life Insurance Company.

Throgmorton has been in insurance business for the past 27 years, with the Republic National organization. Prior to this he was with another insurance company and lived in Shreveport, La. During the time he lived in Shreveport he was president of the Shreveport Grand Opera Association, chairman of the Conference for Christians and Jews and was a member of the library board.

Throgmorton was a director and program chairman of the membership committee of the Chamber of Commerce and an elder in the Kings Highway Christian Church. He taught a men's Sunday School class at the Broadmoor Methodist Church and a similar campus class at Centenary College.

Since moving to Dallas Throgmorton has also been active in civic projects. Among these activities are co-chairman of the Chamber of Commerce membership committee, on board of trustees of Washington Pilgrimage, Inc., Washington, D. C.

As a speaker Throgmorton is much in demand. He is often traveling as a speaker for a civic, Christian or business organization.

## William A. House Father of Mrs. Wayne Porter, Dies

William Andrew House was born Nov. 19, 1876, at Black Springs, Ark. He died Saturday, Nov. 27, in the Tulsa Hospital following an illness of about two months. He was 78 years and 8 days of age at the time of his passing.

Mr. House was married to Miss Joetta Cox, who survives him, at Duncan, Okla., on March 5, 1901. They came to Texas in 1932 and to Tulsa and Swisher County in 1938 where he engaged in farming until his retirement.

Besides his wife, he is survived by two sons, Archie House and Elbert House, both of Tulsa; two daughters, Mrs. Jeff Stephens of Duncan, Okla., and Mrs. Wayne Porter of Canyon; three sisters, Mrs. James Griffin of Palvidera, N. M., Mrs. W. A. Spence of Tuttle, Okla., and Mrs. Beno Benefield of Summerset; one brother, G. H. House of Junction. There are also 10 grandchildren and three great-grandchildren.

Funeral services for Mr. House were conducted at 3:00 p. m. Sunday, Nov. 28, from the Tulsa First Baptist Church with Rev. Morgan Sturgess officiating, assisted by Rev. W. Neil Record, pastor. Grandsons serving as pall bearers were: Dean House, Larry Porter, Elven House, Jerry House, Glen House, and Billy J. Stephens. Interment was in the Rose Hill Cemetery at Tulsa.

## Stork Specials

Mr. and Mrs. Billy Hill of Amarillo are the proud parents of a daughter, born November 23.

Mr. and Mrs. John Bell of Fort Worth are the parents of a boy born November 24.

A daughter was born to Mr. and Mrs. W. A. Hendrix in Northwest Texas Hospital in Amarillo on November 21. The young lady is named Cheryl Kay. Mrs. Hendrix is the former Ava Dooley, daughter of Mrs. Milton Dooley.

## JOINT CLUB MEETING SLATED

Pioneer Social Club and the Canyon Mother-in-Law Club will meet in joint meeting with Mrs. N. A. Croson on Thursday, Dec. 9, at 2:30 p. m. Mrs. E. D. Harrell will tell of her trip to Europe last summer. Each person attending is to bring a gift for exchange and a can of food or fruit to be given to needy families at Christmas.

Mrs. Ruth Hill and son, Lowell, accompanied Mr. and Mrs. Garland Cavitt to Lawton, Okla., where they visited in the home of Mr. and Mrs. Chester Dowell Thanksgiving. They also saw the Ft. Sill-Ft. Bliss football game in which Chester was a player for the Ft. Sill team.

## 20 MORE SHOPPING DAYS UNTIL CHRISTMAS

### Rites Saturday For Mrs. Moore

Funeral service for 89-year-old Mrs. Margaret Bell Moore of Wayside was conducted Saturday afternoon at 2:30 in the Wayside Community Church. The service was conducted by Merle Weathers who was assisted by Luther Baker.

Mrs. Moore died Thursday evening in Neblett Hospital. She was described as a long time resident of Wayside. She was born Jan. 10, 1865, in Tennessee. Mrs. Moore was the widow of John David Moore, and she was a member of the Baptist Church.

Survivors include six sons, Wilford R. Moore of Wayside, Jess J. Moore of Vera, John V. Moore of Seymour, William A. Moore, Rogers, Ark., Clyde A. Moore of Seattle, Wash., and Glen W. Moore of Lubbock; one daughter, Ida Becky Coleman of Amarillo.

Burial was in Wayside Cemetery. The following were pall bearers: Elmo Hooser, Roland Moore, Delbert Coleman, Hollis Shipman, Sammy Moore, T. J. Hooser.

## Sundown Meets McLean in Buff Stadium Friday

A meeting of school officials and members of the Chamber of Commerce Saturday resulted in Buffalo Stadium being the site of the Regional football tilt between the McLean Tigers and Sundown Roughnecks. The game will be played Friday beginning at 2:30. Adult tickets are priced at \$1.25 and high school student tickets are 75 cents.

Charles Donnell, president of the Chamber of Commerce, said the Chamber would present a trophy to the winning team's captain at the end of the game.

Chamber of Commerce Manager Roland Black said there were several reasons for the officials picking Canyon as the site for the play-off. Even though Buffalo Stadium is one of the highly desired places to hold a playoff, the team officials still tossed a coin to see whether they would play here or in Plainview.

Buffalo Stadium won the toss and game time was set at 2:30. Two reasons why Buffalo Stadium held a sentimental attraction for the game were that the McLean superintendent and Sundown coach are both West Texas State exes.

The Sundown team was in the regional playoff last year and were the winners. In spite of the fact that the team lost all of its first string men except three, it is back in the regional playoff again this year. The Thanksgiving game between McLean and Dimmitt drew a crowd estimated at 4,500. The regional game should draw an even larger crowd.

### Student Named To Church Group

Barbara Lewis, junior student at West Texas State College has been named vice-president from the Northwest Texas Methodist Conference to the 1954-55 Texas Methodist Student Movement council at Abilene. Barbara has served as president of her campus group and is a member of the White Deer Methodist Church.

Attending from West Texas State in addition to Barbara Lewis were: Rev. and Mrs. Curtis Stradler, Wesley Foundation directors, Barbara Beck, Mary Anne Hunter, Betty Boswell, Fae Marie Beck, Joanne Beck, Keith Gaede and Byron Gamage.

Two other Canyon students were present. They were: Florence Coffe of the University of Texas, Austin, and Ella Hill, McMurry.

### Bufs Open Season In Basketball

The first game of the season will be played tonight at 8 o'clock in basketball between the Bufs and North Texas State at Denton.

Both teams are mature and this should be a top game.

Mr. and Mrs. Ray Fullerton and Mrs. Nora Murphy spent Thanksgiving day with Mr. and Mrs. T. E. Russell in Panhandle.

### Dr. J. A. Hill Writes Support Of Proposed Expressway to North

To: The Canyon Chamber of Commerce; Charles Donnell President; Roland Black, Secretary. Gentlemen:

As one who has been a citizen of Canyon for 44 years and has watched with pride every forward step it has taken during that time, I want to congratulate you upon your clear-cut endorsement of the proposed Expressway. To my way of thinking the approval of the \$900,000 bond issue is vital to the future development of Canyon and Randall County.

You may be interested in some of my reasons for favoring it.

1. Unquestionably it will save many lives — many, too, that would not be saved by a 4-lane road. The Highway Department record shows that the rate of accidental traffic deaths on Texas highways as a whole is more than four times as great as on Expressways. Surely none of us, whether big or little taxpayers, will weigh the added tax, which this improvement will entail, against the great saving of life that the Expressway will guarantee.

2. I have traveled several times the road between Houston and Galveston, both before and after the building of the Expressway. That experience firmly convinced me of the advantages of the proposed improvement between Canyon and Amarillo. Danger is greatly reduced, driver's tension is relieved and time is saved all because there are no traffic jams.

3. Although \$900,000 is a lot of money the added tax burden will be no greater than was the building of the original paved road to Amarillo, probably not as great. On December 18, 1926, Randall County approved a \$250,000 bond issue. The following April it sold those bonds bearing 4 3/4% interest and the new road was opened to traffic September 29, 1929, exactly one month before the stock market crash that sent the country into the Great Depression.

Recently I have heard it said that this first pavement to Amarillo cost Canyon merchants a lot of business. Maybe it did (though there are those who think otherwise), but who today regrets that that piece of concrete was laid? What would Canyon be like today if that road had not been built?

Also attention is called to the fact that in terms of dollar value the \$250,000 in 1926 was nearly as much as the \$900,000 now. In the meantime population has increased from 7,071 in 1930 to 13,774 in 1954.

### Safety Program Is Staged For Rotary

Three officers from the State Highway Patrol staged the Rotary Club program Tuesday, showing a motion picture on safety.

Capt. Cecil McNeil was assisted by Sgts. Wheeler and Dowdy. There was an increase of 130% in fatalities in Randall county from 1953 to 1954, while the state average was only 3%.

Radar is only a means of controlling accidents. Most highway fatalities are caused by: Speed, drinking, improper passing, driving on the wrong side, improper turns.

Capt. McNeil urged all citizens to assist in the Dec. 15 "no traffic accident day" as proclaimed by the President.

Literature on safe driving was distributed. Ten visitors were present.

Mr. and Mrs. J. A. Meyer, Mrs. Henry Meyer, Helene and Annette spent Thanksgiving in Carlsbad, N. M., visiting Mr. and Mrs. Wester and Doris and Mrs. Erna Small and children.

## Betrothed

Mr. and Mrs. J. L. Riley wish to announce the engagement and approaching marriage of their daughter, Nancy Riley, to Weldon McKinney, son of Mr. and Mrs. L. E. McKinney of Childress. The wedding is to be December 23.

1950 and probably more than 15,000 at the present time.

Total tax values have risen from \$7,522,936 in 1930 to \$15,760,920 in 1950, while this year's tax evaluation is approximately \$18,400,000. Before we can open this Expressway it will probably exceed \$20,000,000 or nearly three times what it was when we paved the first road.

Every experience in Expressway building shows that a rise in property values follows. In the opinion of this writer this influence would reach almost every piece of property in this county. People generally are willing to pay a premium for the privilege of living where transportation facilities are adequate. With this Expressway and the proposed four lanes to the Swisher and Deaf Smith county lines plus our constantly expanding farm-to-market roads, Randall County would compare with the best as a desirable place to live.

4. The traffic between Canyon and Amarillo has increased very rapidly in the last ten years. Is there any reason to believe that the trend will not continue in the years ahead? On the other hand, there is every reason to believe that the rate of acceleration will increase. Amarillo could easily have 150,000 people before the next census. Canyon is growing steadily and will grow more when this Expressway is completed.

According to all government and other forecasts, college attendance throughout the nation will rise rapidly in the next ten years and if West Texas State makes average expected growth, it will have more than 2,000 students on the Canyon Campus (omitting Amarillo Center) in less than a decade after the Expressway is completed and several hundred of them will be commuters.

Wide-spread irrigation to the south and west of us is developing a phenomenal agricultural economy, and many thriving little cities, such as Plainview, Tulsa, Hereford and Dimmitt are becoming important commercial centers. Necessarily these communities are constantly and rapidly feeding more and more traffic into the Canyon-Amarillo highway. The more tightly we tie this economy to the north plains, the more it will mean to us in dollars and cents. Will any one argue that an Expressway would not vastly help to do this? In light of these and other facts it is clear to me that you do well in leading the people of Canyon and Randall county to vote for the bond issue on December 4.

Sincerely yours,  
J. A. Hill.

### Canyon High School Opens Basketball Season Friday Night

Tulsa and Friona are not conference games. All others are after the Plainview Tournament. Come out and support your team.

Mrs. J. T. Sykes of Siloam Springs, Ark., visited relatives in Canyon last week after having spent ten days with her son and family, Mr. and Mrs. Ernest Sykes in Phoenix, Arizona. She made the trip to Phoenix partly to get acquainted with her little new granddaughter, Melanie Gayle.

## Opponents of Bond Issue to Hold Meetings

Opponents of the \$900,000 bond issue to be voted upon Saturday by Randall county taxpayers will hold two meetings in Randall county this week.

On Friday night, December 2, a meeting will be held at the District Court room at 8 o'clock to discuss the expressway. Speakers will be opposed to voting this huge sum for building the expressway. A check will be made to see that only qualified voters pass upon this bond issue.

There will be another meeting of Randall county voters at the Alice Landergin School at 8 o'clock Thursday night, December 2, for the same purpose.

## Bond Election New Highway Set for Saturday

Another bond election is being held Saturday to determine whether or not a super highway will be constructed between Canyon and Amarillo. The construction of the Expressway, as the highway has been officially called, has been hotly debated since the state announced that it would build the road if the county would provide the right-of-way.

An election was held and Potter county voted the E-way in but Randall county did not pass on the super road. In Potter county only a simple majority of the votes needed to be in favor of the E-way in order for the bond election to pass. Those in favor of the new road managed to get the required votes.

But in Randall county a two-thirds majority of the votes was needed in order for the bond election to carry. Randall county carried by a simple majority but not by the required two-thirds majority so another bond election is being held.

The former bond election was for \$750,000 but the election being held Saturday will be for \$900,000. Once more the county will need a two-third majority of the votes in order for the bond election to carry. The Chamber of Commerce is working on a get-out-the-vote campaign. Officials are seeking a large vote this time. They are asking everyone to voice an opinion.

Officials are pointing out that it is a civic obligation to vote. Whether you are for the E-way or against it is not the point; the important thing is to vote and be sure you voice your opinion in the coming election Saturday.

## Wesleyan Guild to Sponsor Program

This is an invitation to YOU! The members of the local Wesleyan Service Guild cordially invite you to attend their Christmas program. The time is 7:30 p. m., Sunday evening, Dec. 5, and the place is the Methodist Church. The program will include vocal and instrumental solos by various members of the church and Christmas dramatizations by the children. We sincerely hope you will attend.

## To Stage Play on Monday-Tuesday

Final rehearsals are underway at West Texas State College for the season's first Branding Iron Theatre production, "Hay Fever," a comedy slated Monday and Tuesday nights.

Curtaintime each night will be 8:15 o'clock, and admission is 75 cents for adults, 50 cents for students, and 25 cents for children. Reservations may be made through the WT speech department.

The Noel Coward farce will be the first play to be presented at WT since William A. Moore, director and associate professor of speech, returned to the campus. Moore has been on a leave of absence for advanced study at Yale University's School of Drama and the University of Michigan.

## Morgan and Juniper Attend Conventions

Registrar Frank Morgan and Dean Walter H. Juniper of West Texas State College this week are attending conventions in Louisville, Ky., and Corpus Christi.

Dr. Juniper is representing WT at the annual meeting of the Southern Association of Colleges and Secondary Schools, now in session in Louisville. The meeting concludes Thursday.

Morgan will attend the 33rd annual convention of the Texas Association of Collegiate Registrars in Corpus Christi, which opens Thursday and closes Saturday.

## Shopping Time Is Here—Go To Your Home Stores in Canyon

Here it is almost Christmas time. It is only 24 more days until Christmas.

Many folks have their Christmas shopping out of the way; but a majority of our people still have to think about what they shall give for Christmas. All kinds of inducements and suggestions are offered.

Don't put off your shopping too long. Today; this week; Dollar Day; will be the time for every person to visit the stores of Canyon and decide what they want to give for Christmas. Prices are below those of other years.

Yes, Dollar Day is a good time for each and every citizen to visit the stores and do your shopping.

A close observer made this suggestion: "I am tall and very seldom find a suit in Canyon; but when I can find a suit which fits, the price is always below that quoted by city merchants."

## Radar Control Is Effective Way to Put an End to Speeders

Don't be fooled by these radar control signs. They mean trouble for the speeders who are caught.

Some smart guy figured out the other day how much more parking space will be required for cars just one foot longer than last year's models. In towns like Canyon where parking space is not at a premium, the cars could be longer than this year's models without handicap.

Back to radar. The State Highway cops are on the job and when a speeding car is caught, there is no argument about the speed. The gadget records the speed of the car, and peace officers will accept this record in court.

Beware, the cops!

## Senator McCarthy May Be a Hero—But We Doubt It Much

The case of Joe McCarthy may be settled before this is printed, but chances are that it will drag along until adjournment time.

We believe that Senator Fulbright of Alabama hit the nail on the head when he declared that McCarthy's elbow trouble was not "Quite as serious as we were led to believe."

Without doubt McCarthy was treed in his ambitions to stomp the Republican leadership. Now this same group would rather see McCarthy win a partial victory than to see the whole Senate whipped by a single man.

We have long been opposed to the McCarthy method, but admit that he has a strong following, right here in Canyon, who think that old Joe hangs out the sun and moon.

We shall see what we shall see.

## Voting Machines Will Soon Come to Counties of Texas

We are impressed with the idea that sooner or later every county of any size in Texas will be forced to buy voting machines.

We are trying to find out the cost of these machines, and what they can do, and will report to the readers soon.

We used one of these machines before coming to Texas, and want to say that the operation was very simple. No doubt the new machines are much superior in construction and operation.

Most of the cost of every election is in the large number of persons required to count the ballots. The machines would eliminate this high cost and the long delays which are now necessary following every election.

## Perpetual Office Seeker of Texas Dies in Dallas Hospital

Cyclone Davis is dead. He was the most colorful political character in Texas, and in death demanded a greater amount of newspaper space than his career ever warranted.

The old boy always filed for some state office, and managed to raise enough money to get his name on the official ballots of Texas. This was the end of his political career, as he seldom made a political campaign, and never spent a red cent trying to get elected. As a matter of fact if he had succeeded in any campaign, no one would have been more surprised than the old Cyclone.

At 73 years, he has shown himself to be a thorn in the side of a good many candidates who were seriously trying to be elected, but not the old Cyclone.

## Tulia Merchants Opposed to Continuing Stamps to Customers

We are taking no sides in this battle of trading stamps. An advertisement was carried in last week's issue of *The Tulia Herald* in which 25 firms of that city declared that they would not give stamps.

We have seen similar declarations coming from Amarillo, yet some of the biggest firms in that city continue giving stamps.

Various schemes have been tried by Canyon merchants. Some who were without stamps are now giving them; and some who were giving stamps have quit.

We are of the opinion that the problem must be settled by each firm doing just what they please and going along as they think best.

## Andrei Vishinsky Is Dead of Heart Attack—Red Falls

Andrei Vishinsky is dead. He was victim of heart failure at the age of 71.

The Red obstructionist in the United Nations was one of the brainiest and most brilliant men that Russia has produced.

So far as *The Canyon News* is concerned, we would not give a tinkers' dam about who represents the Reds, or care whether or not Vishinsky dies or lives. He was a thorn in the side of the United Nations, and will be followed by a man far less capable.

Intelligent editorials should stress both sides of an issue and express an opinion. Editors who always come out fighting with solutions to every problem of the day, every day, often do more misleading than leading.

## Vote on Bond Issue to Buy Right-of-way For Expressway

December 4 is an eventful day so far as Randall county is concerned. This is the day set for the vote on the \$900,000 bond issue to provide right-of-way for the expressway from Amarillo to Canyon.

So much has already been said that we are not inclined to give an opinion on the bond issue. If the bond issue carries, we shall pay our part of the increased taxes; and if it loses we shall continue asking the State Highway Commission to change its plans so far as Randall county is concerned.

We hope that every qualified voter in Randall county will take time off and go to the polls on December 4.

If you do not vote, and the bonds are carried, you will have to pay your share of the taxes.

Likewise, if you are opposed to the bond issue, and the bonds are lost, you get no credit for the defeat unless you vote.

Go to the polls. Express yourself. Your vote is your vote, and you may do as you like with it.

## Putting an End to Grafters Who Sell Tickets on Autos

*The Canyon News* printed an editorial last week warning readers to beware of car grafters.

Those who listened to the radio heard a story the other night of a grafter at work. Before you buy any tickets on a car offered by any stranger, better do some very, very close investigation.

According to this radio story, the promoter shuffled the winning ticket so that one of his henchmen got the car, and it was again offered in another raffle.

According to the story which we received, no drawing is held. The raffle is usually for the benefit of some veterans organization far, far away from the site of the ticket sale. It is placed at such a distance that the grafter feels perfectly safe and secure in playing up his sale.

## New Cars Are With Us; Fight Staged to Win Market for Them

New cars are on the market—nice, new, sleek cars of the 1955 models.

We hear that the manufacturers are engaged in a big battle as to which one will control the market.

Here at *The Canyon News* office we have marveled at the amount of space the car manufacturers have bought to tell the story of their new cars. This amount of space indicated that the manufacturers are out to cop the market. They want to sell their product.

Just how long they will continue carrying on their campaign of selling depends somewhat on the activity of their dealers. A good, enterprising dealer sells cars; a poor dealer makes little or no effort to dispose of the products of the manufacturers.

## Chance to Hear Big Time Speaker at Chamber's Banquet

The annual election of officers and presentation of the good citizen's plaque will be held Thursday night of this week at the college cafeteria.

This offers the opportunity for all citizens to hear a noted speaker from Big D who has made a record for himself.

Go to the Chamber of Commerce banquet. And then make a resolution to help your band of boosters when they need your help in building a better and bigger city.

## Chickens May Be Profitable—But Require Time and Work

Just one year ago *The Canyon News* printed a word of advice to those who just started to raise chickens: "Chickens will pay a good return if the farmers have properly prepared to go into the business, and will devote enough time to their job. Chickens require work—lots of work—the same as any other profitable crop on the farm."

A year's experience has borne out this prediction.

Whether the United States has reached maturity as a nation will be seen in the next few years—when we will demonstrate to the world whether we learned anything from our isolationism between the world wars.

Just ten years ago, the cold weather was striking hard at millions of Allied soldiers fighting in Europe. We have much to be thankful for ten years later.

The great thing about the United States is not that all citizens are equal but that all can make a place for themselves if they have the determination.

Nothing is so boring as the citizen who always thinks his candidate is the pious one, and who rides the white horse to the polls on every occasion.

The best entertainment is not that concerned with dirt, lurid sex and trashy dialogue, plus emphasis on drinking and smoking.

The doctors often get down the country, but the free services they perform in this community are seldom heard of.

The recent cold snap made the season change official, and also sold a lot of anti-freeze, fuel oil and overcoats.

School teachers deserve support and appreciation, whether they are always right or not—which they cannot be.

Politics is a great American sport but should be kept out of the schools, the church and private clubs.

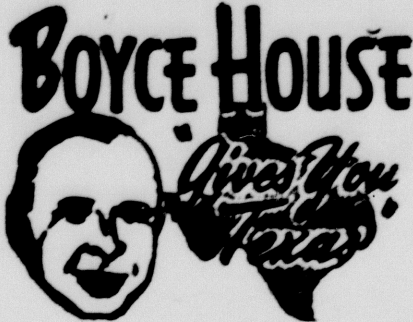

The Democrats are sure to sound off with a few committee studies of their own in the 84th Congress.

The special session of the Senate is not expected to accomplish much and will live up to expectations.

It is easier to tell people how to run their business than to hold down a tough executive job.

The President is getting enough of the political life to last a long time, it seems to us.

Newspaper advertising is still the unquestioned "best buy" in the advertising field.

The town of Spanish Fort in Montague County was established on Village Creek, now silted up but then a pretty stream. Just across Red River was, of course, Indian Territory, which was infested by numerous outlaws, who frequently came to Spanish Fort. Three outlaws were lynched not far from the town but in Indian Territory.

Spanish Fort itself witnessed many exciting events. A woman whose husband had been killed moved from the farm into town. Three men were suspected of having killed the farmer. Perhaps the slayers thought that the widow might know too much. One night, her house was fired into; she ran out and was killed. The outrage led to the immediate forming of a posse and three men were tracked into a thicket. The thicket was surrounded, then two brave men—George Howard and Dave Price—crawled into the underbrush, got the drop on the trio and took them prisoner. They were tried; two were hanged and the other received a long prison term.

One of the busiest spots in Spanish Fort was the Cowboy Saloon. On Christmas Eve, about 1882, cowboys shot the front out of the saloon. Hundreds of shells were picked up next morning.

Almost in front of the Cowboy Saloon, a pitched battle took place. Six men (three on each side) met face to face and bullets began flying. When the shooting ended, one group had been wiped out.

But life had its lighter side, too. Broke and thirsty, one cowboy said to another, "Tell you what we'll do. I'll go in the saloon and after while you come in and I'll offer to bet the bartender you're wearing socks and, if he won't take me up, then I'll offer to bet that you're not wearing socks."

The other said, "You could lose." "No," said his buddy, "take off your left sock right now. Then if he bets you're wearing socks, take off your left boot and you'll be barefooted. If he bets the other way, take off your right boot and there the sock will be."

And their little plan worked. Spanish Fort was missed when the railroad built into the county in 1887 and so the town dwindled until the once turbulent place has only a handful of inhabitants now.

## New Farm Law May Not Be Pushed Through the Senate at This Time

By HARRY DENT  
Washington Correspondent

WASHINGTON: A split appears in the making between Southern Democratic leaders who will head the Agriculture Committee of the House and Senate over restoration of 90 per cent of farm price supports in the 84th Democratic-controlled Congress.

Congressman Harold Cooley of North Carolina, who will become chairman of the House committee in January, has pledged an "all-out" fight to restore rigid farm props. He has been joined in this pledge by Senator Olin Johnson of South Carolina, the new vice-chairman of the Senate committee. But Senator Allen Ellender of Louisiana has indicated he desires no immediate change in the Benson program passed last session which switches supports on the six basic commodities from a rigid to a flexible scale ranging between 90 and 82½ per cent of parity.

In an interview with this newspaper's Washington reporter, Ellender said:

"It is my considered judgment no effort should be made to modify the recently approved Benson farm program until it has been given a fair chance or until the Secretary of Agriculture has proclaimed a support level below 90 per cent of parity for the basic crops."

"With the assistance of set asides of surplus commodities, all the basic crops except wheat should be assured of 90 per cent props at least through 1955. If the support level should drop below 90 per cent, however, I feel sure Congress will act to restore 90 per cent rigid legislation without any delay."

Ellender went on to say that "any premature effort" to repeal the Benson program would probably result in a presidential veto. He added that he feels sure the farm-belt forces in Congress would not be able to marshal the necessary two-thirds vote to overcome such a veto.

On the other hand, Cooley said he doesn't believe the President would veto a new farm bill with

90 per cent supports. Speaking further of a possible veto, he said: "Should we pass a new bill and should the President veto it, then the issue would be clear-cut for the next political campaign."

In his statement, Cooley said he has little doubts about his committee voting for a new 90 per cent farm bill, but he added that Senate approval is "problematical."

Senator Johnson in an interview with this newspaper's reporter, said he felt sure he was speaking for Ellender when he offered his pledge to fight for repeal of the flexible program. He said:

"The Republicans were able to pass their sliding scale only by a very slim margin. From my own check of newly-elected legislators it is my honest opinion both houses will support 90 per cent props."

Another Southern senator, Lister Hill of Alabama, has also promised his constituents to press for restoration of rigid supports.

The outgoing Senate committee chairman, Senator George Aiken, Vermont Republican, has said however, he feels the Democrats are "too intelligent" to repeal the 1954 farm bill.

### Public Invited To Open House

Mr. and Mrs. W. C. Lindsey of Happy are keeping open house on Sunday, Dec. 5, from 2 p. m. until 5 p. m. in honor of their 50th wedding anniversary. The public is invited.

### LAST WEEK'S BOWLING RECORD

On last Monday night Canyon Drug took three games from Cooper's Market when the Palo Duro Woman's League met for play. High bowler for the winning team was Peggy Davis with 185. Sue Miller with 172 was high on Cooper's team.

Young's Drive-In and Fritz Gulf Service played to a tie. Young's high bowler was Ruth Foster with 156 and the Gulf team's high was Rhea Sanford with 150.

### A MIRACULOUS ESCAPE

San Mateo, Calif. — Stepping on the gas instead of the brake, Mrs. Frances Pearman's automobile shot forward and then choked down right on the Southern Pacific Railroad tracks. In trying to jump from the car, Mrs. Pearman smacked her head on the door and fell back into the car in a dead faint. Horror-stricken cops tried to flag down an approaching train, but failed. The train however passed by on an adjoining track. Mrs. Pearman was taken to a hospital to recover from shock.

### RING IN CAN

Horsham, Australia. — Opening a can of Norwegian sardines, Mrs. William Murphy found a gold wedding ring. She wrote to the packing company and was informed that the ring belonged to a packer. The ring was mailed to its owner, Mrs. Marie Tangetal, of Vartal, Sunnsjord, Norway.

### POTATOES

According to an estimate of the Department of Agriculture, released after most of the 1954 Irish potato crop had been harvested, the total production of 346,948,000 bushels is expected this year, a gain of 1,004,000 bushels over the estimate made in October. This is 26,768,000 bushels, or 7 per cent below the heavy harvest of last year and will probably mean a drop in the price of potatoes on the retail market.

### WORLD POPULATION

The population of the world now totals 2,500,000,000 and is still increasing, according to a report of the United Nations Educational, Scientific and Cultural Organization. Statisticians of the organization estimate that the world's population will increase by 1,500,000,000 in the next 25 years.

## Rural Accident Report Shows 15 Killed, 66 Hurt

Fifteen persons were killed, 66 injured and property damage amounting to \$84,360.40 as a result of rural accidents last month according to Capt. J. W. Blackwell of the Texas Highway Patrol. The accidents include those of the Amarillo district for the month of October. The figure does not include accidents in cities of 2,500 population or more nor accidents investigated by other police agencies.

A total of 136 accidents were investigated by Texas Highway Patrolmen in the Amarillo district. 110 of these accidents occurred on state and federal highways, 12 on farm-to-market roads, 11 on county roads, and three in small towns.

Once more in the month of October the principal cause of violations was speeding. Second on the list of causative factors was driving while drinking. Others were illegal passing, failure to yield right-of-way and illegal turns.

During the month of September causative factors included speeding, driving while drinking, failure to yield right-of-way, driving on wrong side of road not in passing, and careless or reckless driving.

During October, 1953, there were 11 persons killed, 49 injured and property damage amounting to \$66,500 as a result of rural accidents in the Amarillo district. In September of this year there were seven killed, 46 injured and property damage of \$51,009, and the total for the first ten months of this year is 76 persons killed, 555 injured and property damage of \$694,902.

In carrying out their duties the 27 patrolmen of the Amarillo district No. 5 traveled 64,046 miles. They worked a total of 3,983 day time hours, 2,650 night time hours and issued 1,706 warnings for hazardous violations. They made a total of 679 arrests, 266 of which were for speeding. District No. 5 is composed of 26 Panhandle counties.

### 'EARLY LIFE IN TEXAS' TOPIC FOR SUE HITE CLUB MEETING

Detailed descriptions of seven forts in early Texas were given by Mrs. R. D. Wheelock as part of the program at the Sue Hite Club Monday at the Panhandle-Plains Historical Museum.

A story illustrating what life was like in an early-day fort introduced Mrs. Wheelock's talk. Mrs. Frank Barnhill described the beginning of several denominations in Texas to trace the development of religion in the state from its earliest days to the War Between the States. She told of a Baptist preacher who brought his entire congregation from a northern state to Texas. That way, the preacher was able to say he had not organized a new church in Texas; the congregation had been organized before they ever came to the new state!

Mrs. Raymond Raillard gave the invocation, and Mrs. Clay Cooper and Mrs. Joe Bailey were hostesses.

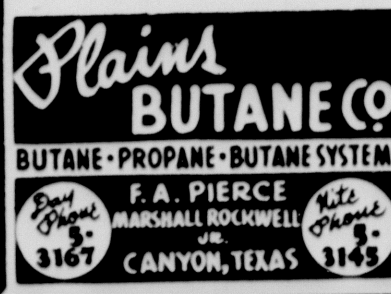

Members present were Mmes. Strauss Atkinson, Bailey, Barnhill, John E. Bowden, Royal Brantley, Hatcher Brown, R. C. Busted, Levi Cole, Cooper, J. E. Flynn, D. M. Foster, W. F. Haggard, Robert P. Jarrett, Jr., A. G. Kieselbach, Bill R. Lee, M. B. Measamer, Boone McClure, W. E. Miller, Jerry Newman, J. O. Parker, Hud Prichard, Raillard, Rex Reeves, A. L. Walsh, Wheelock and Charles Wright.

Forty-eight thousand new Americans took the oath of allegiance in mass ceremonies that tied in with observance of Veterans Day on Nov. 11.

## JUST THE FACTS

Have you ever thought what you would do if you became tied up in a law suit as a result of a mishap around your home?

Your son might be playing baseball, hit a ball and the ball strike a person just passing by. The person could confront you with a doctor bill and a claim for damages. Would you have enough cash to handle a situation such as this? A similar scene could be enacted on a golf course when one of your stray shots hits another golfer or bystander.

A Comprehensive Personal Liability Insurance Policy protects you against happenings such as the one mentioned above plus many more.

COLE & DAVIS can give you the FACTS. See us today.

AUSTIN: Attorney General John Ben Shepperd's office is engaged in another investigation.

This time it's a multi-pronged one in which the state auditor, the department of public safety and DeWitt County Attorney Wiley Cheatham are also interested.

It has to do with the one hundred million dollar veteran's land program.

Managing Editor R. K. Towery of the Cuero Record unearthed the story.

He discovered that some Texas veterans in and around Cuero had signed up for what they thought was a free bonus of land, only to learn that they had purchased land with down payments they had never made.

Towery said promoters sold large tracts of land to groups of veterans, that the veterans had never seen the land, had never made a payment on it, and had no means of paying for it.

They are also checking appraisals.

State Land Commissioner Bascom Giles, whose office administers the program, said that he would "stand behind the appraisals in their entirety."

According to Cheatham, the county attorney's investigation revealed "a rotten, stinking mess that ought to be aired out before the people."

#### Identical Bids

Another investigation being undertaken by the Attorney General has to do with identical bids for electrical supplies for the capitol city.

Under scrutiny are identical bids for \$32,122.80 which four firms gave the Austin City Council on underground cable.

#### Dope Traffic Eyed

Texas' new law providing imprisonment or hospitalization for dope addicts will get its test in Austin soon.

Charges were filed here against six men and women, following 17 arrests by city and county officers and Texas Rangers last week, in a raid on a small Congress avenue hotel.

Narcotic agents said recently that Austin is rapidly being drawn into "an alarming and expanding black market drugs problem."

#### Radar Roundup

Highway patrolmen, armed with radar, have already nabbed 11 central Texas speeders.

Warned were 63 others. These automatic eyes are being placed on principal highways throughout the state.

#### Financing Freeways

Bond financing to provide needed state highway construction has been advocated.

Executive Director James E. Taylor of the Texas Motor Transportation Association asked for dedication of one per cent of the present four-cent gas tax for highways.

He says the plan would provide immediate construction of 1,000 miles of four-lane freeways.

for some public officials, and increased pension for the aged.

There is talk here of a suit by some members of the Legislature to test the attorney general's ruling made prior to the election, that the public officials amendment did not extend Legislator's terms to four years.

#### DWI Penalties

Three days in jail is the minimum penalty for drunk driving and the judge may not reduce the sentence.

That was the decision of the Court of Criminal Appeals in the case of an El Paso man.

Held unconstitutional by the decision was that part of the Texas law which authorized the judge to commute the jail sentence in drunk driving cases.

#### Insurance Charges

Charges that Texas insurance companies are gypping servicemen have been denied sharply by Garland A. Smith, chairman of the Texas Insurance Commission.

Smith referred to statements by Mike Stern, writer, made before a congressional committee in Washington.

"Texas sells 90 per cent of the policies sold to GI's overseas and has the worst insurance laws in the nation," Stern said.

Smith replied that Stern had "got way out on a limb . . . that as far as he knew, all companies doing business with servicemen were good ones."

#### Desegregation Procedure

Desegregation in Texas' public schools must be a gradual undertaking, the U. S. Supreme Court has been told.

A written brief, handed the court by Attorney General John Ben Shepperd, warned that violence would be the price of rapid transition.

Shepperd also asked that programs for carrying out the desegregation order be left to local school districts.

#### Oil Increase

A 64,374-barrel daily increase in Texas oil production for December has been authorized by the Texas Railroad Commission.

#### 'FRIEND' WINS RACE

Booneville, Ky.—Driving toward his native Booneville, Dr. Sam Cawood waved at a passing motorist, thinking he recognized an old friend. The "friend's" car picked up speed and, Dr. Cawood concluded that a race was wanted. The result was that Dr. Cawood was overtaken by his "friend" who turned out to be a deputy sheriff. Dr. Cawood was arrested and charged with speeding. Fine: \$25.

#### TAKES OWN REWARD

Johnstown, Pa.—The unidentified person who found the purse belonging to Rose Kitchner returned the purse to her, but decided on his own reward. The purse, containing \$90, was received by Miss Kitchner by mail. It contained \$110 when it was lost.

## France Has a Hoss Trader at Its Helm Who Outswapped Old Germany

WASHINGTON: French Premier Mendes-France pushed German Chancellor Konrad Adenauer's back to the wall in the Paris agreements late in October and finally succeeded in getting most of what he wanted. He forced the Germans to give up rights and interests in territory which had been German, the Saar.

The French virtually won the Saar from Germany as a result of Mendes-France's demands. This was the price Adenauer had to pay for German sovereignty, and membership in the western defense community. He bowed to the French demands only after it appeared the French were ready to wreck the Paris Nine Power talks if they did not get their way.

It is ominous business for the French to be pushing Germany around on the Saar question, and such a spectacle—a weaker nation pushing a potentially stronger one against a wall—raises serious concern for the future. Already political parties which have supported Adenauer on his foreign policy are serving notice that they can't go along on the Saar deal.

There is no worry about the immediate future, but one does not

have to go back far to see the result of imposing harsh terms on a beaten country. It was the Rhineland, the Polish corridor, and other territorial losses, including all of her colonies, which stirred Germany to such resentment and made Germans ripe for a nationalist demagogue like Hitler.

The same questions arose in 1919 that arise concerning the Saar agreement. President Wilson had announced to the world that he went into the war on the basis of the 14 points. One of them was that territory inhabited by Germans would not be taken away from Germany and given to France, Poland or other countries.

Yet the statesmen who wrote the treaty would not go along with Wilson's ideals. They punished Germany and took her territory and from that moment on more rational leaders feared the Germans would one day rise in a spirit of revenge—bent on recovering lost territory.

The Germans are not accepting Adenauer's concession of the Saar. Red agents, nationalists, and others will use this diplomatic defeat to stir hatreds for years to come. And when Germany is once again

stronger than France—will each Chancellor, in turn, be able to repress this nationalist controversy? Instead of exhibiting magnanimity, the French have driven a hard bargain. The Germans were forced to accept. The same course was followed once before . . . shades of 1919 all over again.

The responsibilities of the President of the United States are a tremendous weight on any man's shoulders, and President Dwight D. Eisenhower—though taking much time off to relax—is aging under the strain.

The life of a President is very different from that of a military officer, who has been brought up believing in obedience, a sense of duty and personal honor. Unfortunately the political code is a few notches down the ladder from the military code.

Eisenhower, accustomed to a completely different type of life, is making a dedicated effort to do a good job, and whether he succeeds or not is a question that will have to be left to historians. It is evident, however, that the President appears to be aging under the strain. It is only natural that he would, and the President recently celebrated his 64th birthday.

Few Presidents have offered for re-election at this age, and when 1956 comes around, Ike will be 66. If he were re-elected, he would reach the age of 70 before his second term expired.

Business is showing definite signs of picking up and it now seems certain that between now and the end of December activity will be much increased. Automobile production and the Christmas season are factors, but not the only ones, behind the pick-up.

Unemployment is at its lowest level of the year and inventories are likely to be built up gradually after reaching a low point only recently. Building is still booming and increased defense orders should stimulate industrial activity for at least the first half of 1955.

Some Republicans had hoped this pick-up would come sooner—by September, at least. But it came a little later than many had anticipated. The result is that it didn't have much effect on the congressional elections.

## Buffaloes Drop Final Game of Season 33-13

Frank Kimbrough's Buffaloes of West Texas State College rounded out their 1954 football season Thanksgiving day with a loss to Texas Western Miners of 33-13. The game was a finale to a season that saw the Buffaloes with only one game. The Buffs trounced the New Mexico A. & M. team in the WT Homecoming game.

The Miners got off to a good start by taking advantage of the Buffs' fumbles. A pass was intercepted and an extra point kicked after the pass was carried over for the touchdown. With this kind of playing the Miners had run their lead up to 27 to 0 early in the final quarter of the game.

Both of the Buffalo touchdowns and extra point were scored in the final quarter of the game. Wiley ran the ball over from the four-yard line for the first West Texas score. Kenneth Clapp carried the ball over from the three-yard line for the second and final West Texas tally. It was also Kenneth who kicked the extra point running the Buff score up to 13.

## New Book on Postal Regulations On December First

Postmaster Guy Harp of Canyon calls to the attention of mail users major new postal regulations being issued effective December 1 which will provide important changes and simplifications in the use of the mails.

The Post Office Department is issuing a final edition of a history-making new Postal Manual which contains these changes in simple form. The new manual will bring together in less than 300 pages public-interest postal regulations formerly scattered through 4,000 pages of dense print.

This publication may be obtained at 65 cents a copy from the Superintendent of Documents, Washington 25, D. C. And mail users anxious to keep abreast of all changes in this material that may be made from time may get both the pamphlet in loose-leaf format and a year's subscription to all sheets making changes for a total of \$2, also from the Superintendent of Documents, the postmaster noted.

The Department on October 21 issued the first preliminary edition, and Postmaster General Summerfield invited the general public, as well as large mailers and postal employees, to suggest constructive revisions for incorporation into the final edition. At that time, the final edition was set for November 20, but, because of the volume of the many worthwhile suggestions offered, its publication date was moved up to the present December 1.

The final regulations have been filed with the Division of the Federal Register in Washington, and will become legally effective on December 1.

The new publication is remarkable for its simplicity. Not only is it printed in easy-to-understand English, but it contains simple black and white illustrations on how to prepare material for mailing. The print is easy to understand, and is arranged in logical sections under bold-face headings.

The booklet is an invaluable guide for the average householder. It shows, for example, how to package fragile materials for mailing; how to attach first-class letters to packages; how stamps of unwanted denominations that are unused may be exchanged for others of different values if desired. It also tells about many other matters of special interest to all mail users, he added.

Moscow recently reported an "unprecedented increase" in the productive capacity of the Soviet Union and its satellite countries as the result of a vast program integrating the economic programs and production facilities of those nations.

President Eisenhower's press secretary characterized as "nonsense" reports that the General had agreed to run for re-election and that he planned a reshuffle of his White House staff.

The Eisenhower Administration has approved plans for a \$100,000,000 international corporation that would help finance private industrial enterprises in underdeveloped areas on the world scene.

Freedom of religion won a major victory in Italy as the Council of State ordered the Ministry of the Interior to recognize the Pentecostal sect, previously persecuted by the police.

Millions across the nation paused for the first national observance of Veterans Day, marked for the past 35 years as Armistice Day.

A \$67,000,000 construction program to expand uranium-producing facilities has been announced by the Atomic Energy Commission.

Mrs. Crews R. Henry and Mrs. W. E. Miller attended the State P. T. A. meeting held in Corpus Christi. Mrs. Henry is state vice president and Mrs. Miller is a district vice president.

Both women said this was an outstanding meeting. Mrs. Henry said the big moment of the meeting to her was when 500 local unit presidents paraded and presented a gift of \$4,280.33 in honor of the national vice president, Mrs. H. G. Stinnett, and state president Mrs. Leon Price. This gift will be used for the headquarters building in Chicago. Mrs. Henry was chairman of the committee to raise this money and was well pleased at the response.

As state vice president, Mrs. Crews presided at this meeting.

Mrs. Miller was impressed with the talk given by Dr. Kenneth McFarland, of Topeka, Kansas, noted educator and lecturer, who spoke on the "Philosophy of Living." Dr. McFarland said, "It is a mistake to teach our children they cannot fail. Failing is a part of living." "Along with the I. Q. we need to measure the amount of determination, the strength of heart." "The thing we think is our problem may be our opportunity." "A meeting should always give a lift. If you can't raise people's spirits; it's better not to meet."

"Never teach despair. Always teach hope." "People go to church to hear the great eternal truths. The convictions of right or wrong. That God is eternal." "The only way for freedom to survive is for America not to compromise on the principles of right and wrong." These are the things Dr. McFarland said that Mrs. Miller found most impressive.

Miss Matilda Gaume, member of the Music Department of WTSC, has moved into her new home at 2414 Fifth Avenue. Her home is a white brick with a steel gray and chartreuse trim. Miss Gaume's parents, Dr. and Mrs. H. W. Gaume, of Wichita, Kansas, arrived Wednesday to visit for several days with their daughter in her new home.

Little Mike Bellah, son of Mr. and Mrs. Robert Bellah, broke his right arm again. Mike has had a hard time with his arms this year. This is the third time he has broken one of his arms. This time he broke his right arm again. It had just healed from the first break.

Mrs. M. E. Cleavinger had as her guests over Thanksgiving her children and their families, Mr. and Mrs. N. F. Cleavinger and son, Dan Lois, of Dimmitt, Mr. and Mrs. M. E. Cleavinger, Judy, Jane

and Mark of Dimmitt, E. R. Cleavinger, Dorothy and Nancy, of Canyon, Mr. and Mrs. Bill Cleavinger and son, John Charles, Mr. and Mrs. W. E. Miller, John, David, and Janis, of Canyon, and Goldman Dyer and Dickey of Dimmitt.

A letter from Mrs. Louie Davis says: "The Bennetts whom you wrote up in your column are one of the most generous and interesting couples in Canyon. We rented one of their apartments for a long while. Each time Mr. Davis took the rent check, nothing would do, but he must have a drink and some of Mrs. Bennett's cookies."

"Early every morning Mrs. Bennett picked a bouquet for me from the flowers in her yard. She climbed a very steep flight of stairs to bring me the bouquet, still wet with dew."

"Truly, my husband and I profited by seeing and by feeling their love which has so successfully weathered more than 50 golden years."

"I feel that I have also profited by knowing such a great Christian lady as Mrs. Key."

Thank you, Mrs. Davis.

Women in Congress are increasing in both numbers and influence. In the next session, beginning in January, more of them—the most in history—will have seats; one in the Senate, the rest in the House of Representatives. Politically, they are nine Democrats, eight Republicans.

Women have been going to Congress since 1916, when Jeannette Rankin, a Republican, won a House seat in Montana, became the only woman to sit in Congress before all persons of her sex could vote. Now, Mrs. Edith Nourse Rogers, a Massachusetts Republican, has been in the House 29 years, ranks ninth in length of service, and is chairman of the Veteran's Affairs Committee. There are several others with continuous service of up to 15 years, and they are climbing toward chairmanships under the seniority system.

Texas does not have a woman member of Congress, but we are

ably represented in Washington by Mrs. Oveta Culp Hobby. Mrs. Hobby, wife of former Governor William P. Hobby, has served in the Texas House of Representatives, and has worked with the War Department Bureau of Public Relations. In 1942 she was appointed director of the U. S. Women's Corps, serving until 1945. She was awarded the Distinguished Service Medal for her services in World War II. As head of the Department of Health, Education and Welfare to which she was appointed Nov. 25, 1952, she is a member of the Cabinet.

Mrs. Hobby is the mother of two children, William and Jessica. "Trim," "attractive," she was voted one of the best dressed women in the U. S. She is a member of the Episcopal Church. Texas is the only state who has a woman member of the Cabinet.

With the aid of electricity Americans live better each year. Today the average U. S. family uses enough power each day to equal the energy output of 35 hard-working men. Nowhere on earth has electricity been put to work more widely than in the United States, and its price has been kept low. The per capita use of electricity in the U. S. is two times that of Britain, five times that of Russia, and 167 times as much as India.

We've come a long way since Thomas Edison invented the first home use of electricity—an electric light—just 75 years ago. That first light—a 60-watt light, cost \$1.00 and gave a light equal to seven candles; a 60-watt lamp today gives a light equal to 67 candles, and costs only 19 cents.

In just 20 years, the power used in the average home has increased four times. And its price has been cut almost in half, even though the cost of living has nearly doubled.

Those who serve your electrical needs in Canyon through Southwestern Public Service Co. are: Truett Hull, manager, Rachel Spurlock, bookkeeper, Ann Batson, cashier/bookkeeper, Gabe Thompson, service man, Dick Ziegler, foreman, Joe Crowley, Cecil O'Donald, Lewel Johnston, M. E. Rhoads, linemen.

As Nat Campbell puts it: "Everything in the modern home is controlled by switches now. Except the kids around the place. And they should be—and how."

Lt. Col. Edward Dreiss has returned from 16 months service in Korea. Mrs. Dreiss and their six children, the youngest son was born during Col. Dreiss's absence, have made their home in Canyon at 1003 8th Ave. while he was in Korea. Col. Dreiss has been transferred to Ft. Leavenworth, Kansas, and the family will leave about the 20th of December. While we are glad the family is united again, we do regret losing this most delightful family who entered so quickly

The statistical abstract of U. S. gives the following interesting facts: there are 1,000,000 more women than men; 65% of all American families own automobiles; 61% pay for them on the installment plan; average church contribution was \$41.94 per capita.

"Continue in prayer and watch with thanksgiving."—Colossians 4:2.

"Thanksgiving's over!" my friend sighed. "But is it over?" I replied. "I know the feasting-time is through. The football games and hunting too. The holiday, the visitings. The joy that celebration brings. But let us pause this Friday morn. And ask ourselves if there was born. . . within our hearts a true Thanksgiving. . . For gifts of God and gracious living."—Julien C. Hyer.

## Canyon Hosts McLean-Dimmitt Bi-District Game

Canyon was host on Thanksgiving Day to the McLean Tigers and the Dimmitt Bobcats in bi-district championship game which the Tigers won by a score of 49 to 13. The 1-A and 2-A district champions battled out the bi-district game before a group of 4,500 fans in the warm Thanksgiving day sunlight in Buffalo Stadium.

Although the Dimmitt Bobcats trailed throughout the game they never gave up the fight. It was in the waning minutes of the final quarter that the Bobcats tallied their final score.

By the time the game was four minutes old the Tigers had made their first score. The Bobcats fought gamely through the lopsided ordeal though and made their final game when the game only had 33 seconds to go.

As a result of the game the McLean Tigers will play the Sun-down team which beat Hale Center in a bi-district game Friday. The regional play-off will be played Friday in Buffalo Stadium.

## THE ROMANCE OF COFFEE

THE FIRST KNOWN USE OF COFFEE CENTURIES AGO WAS AS A FOOD, WINE AND MEDICINE. EVEN TODAY, AMONG THE WANDERING GALLA TRIBES OF AFRICA, THE PULVERIZED BEANS ARE MIXED WITH FATS AND USED AS A FOOD RATION.

COFFEE WAS FIRST ROASTED IN THE 15TH CENTURY BY "COOKING" A FEW BEANS AT A TIME IN CRUDE CLAY DISHES OR STONE VESSELS OVER OPEN FIRES.

MODERN ROASTERS PROCESS 500 POUNDS OF BEANS IN ABOUT 14 MINUTES. IN THE PERFECT ROAST, NOT ONLY DOES EACH BEAN EMERGE IDENTICAL IN COLOR, BUT EACH IS ALSO THE SAME COLOR FROM OUTSIDE TO INSIDE. BECAUSE OF SHRINKAGE DURING THE ROASTING PROCESS, IT TAKES 119-122 POUNDS OF GREEN BEANS TO PRODUCE 100 POUNDS OF ROASTED COFFEE.

## CANYON H. D. CLUB HOLDS THANKSGIVING BANQUET

The Canyon Home Demonstration Club held its annual banquet Tuesday evening, Nov. 23, in the home of Mr. and Mrs. Marion Higdon. Turkey with all the trimmings was enjoyed by approximately 40 club members and their guests.

Decorations consisted of brilliant autumn colors in keeping with the Thanksgiving season. The delicious meal was served buffet style with tables for four conveniently arranged in the home for guests to be seated.

Following the annual banquet games of "42," dominoes and canasta were enjoyed.

## RHEUMATIC, ARTHRITIC VICTIMS PRAISE PAIN-RELIEVING POWER OF SAFE NEW "FILM-COATED" TABLET

Quickly Curbs Deep-Seated Pains Without Stomach Distress

If you are plagued by the misery of acute, crippling Arthritis, Rheumatism, or Neuralgic pains, profit by the experience of others who now enjoy positive, blessed relief thanks to Ar-Pan-Ex—the exciting new laboratory discovery. Helps even most stubborn cases of deep-seated pain and stiffness.

A Missouri Lady Writes: Heart-warming letter written by Mrs. Mary Creamer, St. Louis, Mo. "I have had terrible pains in my knees for over two years and couldn't walk without a cane. About two months ago, a friend suggested Ar-Pan-Ex tablets. I took a bottle and the pains left my legs and by the time I finished my third bottle I was walking without any pains at all."

Why Ar-Pan-Ex Helps: Ar-Pan-Ex, a formula recently perfected by a noted Eastern Scientist, contains seven active ingredients, scientifically "Film-Coated" to prevent useless and distressing action in the stomach. The "Film Coating" dissolves in the small intestine where ALL pain-relieving medicine is then quickly released into the blood stream. Uric acid is reduced and long-lasting comfort is swiftly carried by the blood stream bringing fastest known relief to every pain-wracked muscle, joint and nerve.

Let Ar-Pan-Ex Help You: Do what Mrs. Creamer did. Enjoy a new lease on life with safe, powerful Ar-Pan-Ex, compounded exclusively for relief of deep seated pain. Take this article to any good drug-store and ASK FOR GENUINE AR-PAN-EX. If your druggist is out of it, he will be glad to order it for you. Professionally proved.

The Canyon All-City Elementary Chorus is a new organization composed of students from the three sixth grades. This group presented a Thanksgiving assembly program in each of the two elementary schools Tuesday, November 22.

Approximately 80 pupils participated in the following program: "God of our Fathers," Warren; "Dear Land of All My Love," Hammond; "O God Beneath Thy Guiding Hand," Hatton; "Song of Praise," Hohman; "I Thank My God," Bach; "America the Beautiful," Ward; "Hear Us, Father, As We Pray," Mozart; "Come Ye Thankful People," Elvey; "We Thank Thee," Wright; "Hymn of Praise," Haydn.

This chorus is directed by Mrs. Glenn Dowlen and Mrs. Hope Rusk.

## Wayside News

Last Sunday was Rev. Luther Baker's regular day.

W. R. Moore's mother, Mrs. M. B. Moore, passed away November 25 at 4 a. m. in the W. R. Moore home where she had been sick for some time. Funeral was held at the Wayside Church November 27 at 2:30. She was laid to rest in the Wayside Cemetery. All who knew Grandma Moore loved her. She had a sweet smile for everyone. Her Christian life is a good example for others to follow. Our sympathy goes out to the bereaved loved ones.

Mr. and Mrs. John McGehee, accompanied by Nola Mac Stockett of Claude and Bettye Cocanaugh of Hereford were guests at Gristown for Thanksgiving dinner.

Those enjoying Thanksgiving dinner with Mrs. Amanda Adams and Miss Charlotte Adams were Mr. and Mrs. Loys Gillham and children, Chaney and wife and Laura of Nebraska, Olla, Ella, Esther and John of Amarillo, Ben and Donald of Keene, Mr. and Mrs. Floyd Adams and Rolland, all of Wayside. Floyd left next day for Kansas to attend the funeral of an uncle by marriage.

Mr. and Mrs. Stanley Gillham and children spent Thanksgiving in Kansas with her folks.

Dr. Mary Brown of Dallas spent the Thanksgiving week-end in the W. R. Stockett home.

Mr. and Mrs. Henry Hamblen are visiting relatives in sunny California.

Mrs. Steve Bennett of Claude, the census enumerator, was in the Wayside community Friday.

Mrs. Carmel Lee Spann and children, Deana Carol and John Paul also a girl friend spent Thanksgiving with Mrs. J. R. Stockett and the J. R. Kennedy family. Their home is in Amarillo.

Mr. and Mrs. Willie Modisette and children, Royce, Marian and Fay spent Thanksgiving in the Vincent Fowler home in Happy.

Mr. and Mrs. Guy Watson and boys, Darral and Gayle, spent Thanksgiving in Albuquerque, N. M., with relatives.

Mr. and Mrs. Charles Kennedy, Robert and Richard, were Christ-

mas shoppers in Amarillo Friday. Mr. and Mrs. Bill Heisler and Frances spent Thanksgiving near Frederick, Okla., in the parental M. L. Womble home.

### TRY A DINNER GONG

A local citizen burst into the office of a railroad official and demanded:

"I want you to give orders that the engineer of the express that passes through Elm Grove at 11:15 be forbidden to blow the whistle on Sunday mornings."

The railroad official retorted: "Why that's impossible. What leads you to make such an unreasonable request?"

"Well, our preacher preaches until he hears the train whistle blow—and that confounded express was 35 minutes late last Sunday."

### CAREFUL

Greatly agitated, a woman carrying an infant, dashed into a drug store.

"My baby has swallowed a bullet!" she cried. "What shall I do?"

"Give him the contents of this bottle of castor oil," replied the druggist calmly. "And then be sure you don't point him at any one."

The National Foundation for Infantile Paralysis "taking a calculated risk," has contracted to buy enough Salk polio vaccine to immunize 9,000,000 children and pregnant women next year.

Here's the Answer

## Just Between You, Me . . . . . . and the Gatepost

By Lawrence Hunnicutt

The two nights to circle on your entertainment calendar are Monday and Tuesday, December 6-7. These are the nights that the Branding Iron Theatre, on the West Texas State College campus, will present Noel Coward's "Hay Fever." W. A. Moore, who is directing the play, said that it had originally been cast for Tuesday, Nov. 16. This date conflicted with the opera in Amarillo so the production was postponed until this more convenient date. For a night of real honest-to-goodness entertainment, see "Hay Fever."

One of the real pleasures of life is to meet a friend whom you haven't seen for a number of years. We have our share of this sort of luck. Occasionally a friend out of the past sort of drops into the present. We enjoyed such an experience last week when Mrs. Lulu B. Owen, our English teacher from a few years back, stopped by The News office. Mrs. Owen is now teaching Latin at Pampa and she reminded us of a remark a classmate made about her age. The remark was the one about her age not being known but that she used to teach Caesar.

Bob Hope covered the waterfront, some fighting editor named Steve something-or-other covers Big Town but it's Lou Doyle who covers Canyon. Lou is probably responsible for more roofs on houses than any other one man in town. Lou explains that roofs are a very important part of the house and one that has to be put on right or mistakes will soon be evident because of leaks coming through when it rains. We think Lou likes the roofing business because he enjoys getting to the top quickly.

A story of great human interest appeal is unfolding to many people of Canyon as time goes on. It is the story of little Dana Latimer, daughter of Mr. and Mrs. Jim Latimer. Dana was stricken with polio earlier this year and has put up a brave and heart-warming battle in overcoming the disease. But the real story is the one unfolding now with Dana and her friends that are her own age.

After spending several months in the hospital in Plainview, Dana is back home. She wears braces on her legs but is rapidly overcoming the handicap of polio and doing many things for herself. Although she has been back among her little friends for several weeks now, the youngsters still consider it a great privilege just to sit near her. They're all eager to help her every way they can. It's truly wonderful to see little children taking such a serious interest in the really great things of life, that of helping each other and being interested in the welfare of each other.

The gala event of the year is coming to Canyon tomorrow evening. It's the annual Chamber of Commerce banquet. Roland Black, C-C manager, can sell you a ticket today or you can get one tomorrow evening when you attend the banquet at the West Texas State College cafeteria. In addition to enjoying a wonderful meal you will see the awarding of the plaque for the outstanding citizen of the year of 1954. The famous speaker, L. E. Throgmorton, is also scheduled to be on hand to deliver the address.

Noticed where an airliner ripped the top off a convertible when the plane was coming in for a landing last week at the Amarillo Air Terminal. There oughta be a law against main highways running so near the end of runways at an airfield.

A loaf of bread, an hour's worship—both are better shared

## "Not by bread alone —"

You know yourself there's a good deal more  
to keeping a home and a family happy than just paying the bills.

### It's doing things together

Piling into the car for a day's outing . . . raking leaves on an autumn afternoon . . . having a barbecue in your own backyard.

Going to worship together every week is another of the good things in life which are best shared. Think back over the years. Remember when you were a youngster, how important and grown-up you felt walking into your church or

synagogue with your folks. It was a nice feeling, wasn't it? Surely you want to do as well for your family, this week.

Without even trying, you'll provide a pattern, a foundation, a way of living, that will guide the lives of your children years from now. And if theirs is a happy life, what warmer tribute could you have?

He restoreth your soul . . .  Worship together this week

#### WESTSIDE H. D. CLUB REPORTS TWO BUSINESS MEETINGS

On November 3rd, Mrs. B. A. Burrus was hostess to the Westside Home Demonstration Club with Mrs. T. J. Myers leading the group in repeating "Our Aim." Roll call was answered with "A Christmas Idea." The surprise package was guessed by Mrs. Lewis Harvey.

After a short recreation period plans were made for the club Thanksgiving dinner. Refreshments of cake, coffee and tea were served to the nine members, one visitor, and the hostess.

Mrs. R. A. Burrus was hostess to the club meeting on November 17 in the home of Mrs. J. W. Bourn. A short business meeting was held. Roll call was answered with ideas for the holidays. The afternoon

was spent in cutting and making boxes out of Christmas cards.

Hi-Ho's with pimento cheese spread, dried apple cake and punch were served to nine members and two visitors.

#### HIGH SCHOOL CAFETERIA IS SCENE OF WESTSIDE DINNER

The Westside Home Demonstration Club held the annual Thanksgiving dinner in the high school cafeteria Saturday evening, Nov. 20, with their families as special guests.

Baked chicken, dressing with gravy, baked ham, candied sweet potatoes, salads, pies, coffee and cold drinks were served buffet style to Messers. and Mesdames T. J. Myers, Lewis Harvey, Frank Carter and daughters, J. B. Hager and children, Ed Bourn and twins.

#### Miss Patterson Honored at Tea

Miss Lou Ella Patterson was honored by the Randall County Council of Home Demonstration Clubs with a lovely tea held in the parlor of the Baptist Church. Over 100 of Miss Patterson's friends attended. In the receiving line with Miss Patterson was her sister, Mrs. Henry L. Ivey, of Frisno and Miss Dorris Leggett, district supervisor of Home Demonstration Clubs.

Serving at the beautifully appointed tea table were the presidents of Randall County's 13 Home Demonstration Clubs and two close personal friends, Miss Edna Graham and Mrs. Ray Fullerton.

Mrs. Lige Frisze, Mrs. Glenn Dowlen, and Mrs. Everett Culp furnished piano music and Mrs. E. D. Miller and Mrs. Avenit Lair sang for the occasion.

The parlor was beautifully decorated by the recreation committee who used autumn colors in their hand made decorations, and the same theme was used by Mrs. Earl Burtz and Mrs. Lewis A. Tucek in decorating the individual cakes served at the tea table with punch and nuts.

To show Miss Patterson their appreciation for her 11 years in Canyon the 13 Home Demonstration Clubs and a few personal friends presented her with a very lovely array of gifts. She starts her new work as Home Demonstration agent of Ochiltree county today.

#### PLEASANT JO 4-H STUDIES THE MAKING OF HOOP APRONS

Junele Bauer was hostess to the Pleasant Jo 4-H Club meeting on Tuesday, Nov. 16.

Refreshments of hot chocolate, doughnuts, banana-nut bread and apples were served to the girls as they arrived at the meeting from having attended school all day.

Patsy Robinson was elected president and Judy Wilson, vice-president, to fill unexpired terms.

Miss Lou Ella Patterson, Home Demonstration Agent, gave a demonstration on making a hoop apron.

Those present were Patsy Robinson, Sharon Cramer, Kathryn Winstead, Norma Henderson, Jamie Meyer, Judy Wilson, Elizabeth Haynes, Junele Bauer, Miss Patterson, Mesdames Edgar Robinson, A. B. Haynes, Jr., and I. F. Bauer.

Next meeting will be on January 4 with Kathryn Winstead as hostess.

#### THANKSGIVING CELEBRATED BY CARDETTES CANASTA CLUB

Mrs. Billie Sogree was hostess to the Cardettes Canasta Club at their Thanksgiving event on Tuesday evening, Nov. 23.

A salad supper was the attraction with members and guests furnishing the various salads, cold cuts of meat, cheese, olives, hot rolls, cake and coffee.

At the business meeting names were drawn for secret pals. New yearbooks were planned and Mrs. Jane Harding was elected president for the coming year.

Arrangements were made for the Christmas party to be held on Dec. 7 at the home of Mrs. Joan Hicks where gifts will be exchanged.

Games of canasta were enjoyed by members Norma Dawson, Joan Hicks, Jane Harding, Louise Ruxell, Shirley Lehnick, and the hostess and visitors, Mary Anne Currie and Faye Bosley.

Frank Mullican and mother, Baxter Lambert and Patricia, B. A. Burrus and Juanella, J. T. Brown and daughters, Mrs. R. A. Burrus and Betty, Mrs. Dick Barrett and son, Mrs. Greenfield and Mrs. Maggie Burrus.

The evening was spent playing games and visiting.
